BLUEPRINT DRILLS / ELECTRICAL

Juniper Coffee / Lighting plan

E-101 / REV A

BD-01 / STUDY SHEET · NTS

A · Recessed downlight

B · Pendant light

Fixture tags identify individual lights. Circuit tags reference the panel schedule.

ISSUE A · ORIGINAL

Juniper Coffee / Schedules and assignment

BD-01 · E-101 · Record your answers on this sheet.

Fixture schedule

⊘	**A**	Recessed downlight
◎	**B**	Pendant light

Panel schedule excerpt

LP1-1	Seating and front counter lighting
LP1-3	Prep and washroom lighting

The letter identifies the fixture type. Each circuit tag points to a panel schedule row.

---

1. Read the fixture legend

Find a recessed downlight on the original plan. Select any one fixture of that type.

2. Prepare the fixture order

Mark every fixture on the original plan and enter the quantity of each type for the entire coffee shop.

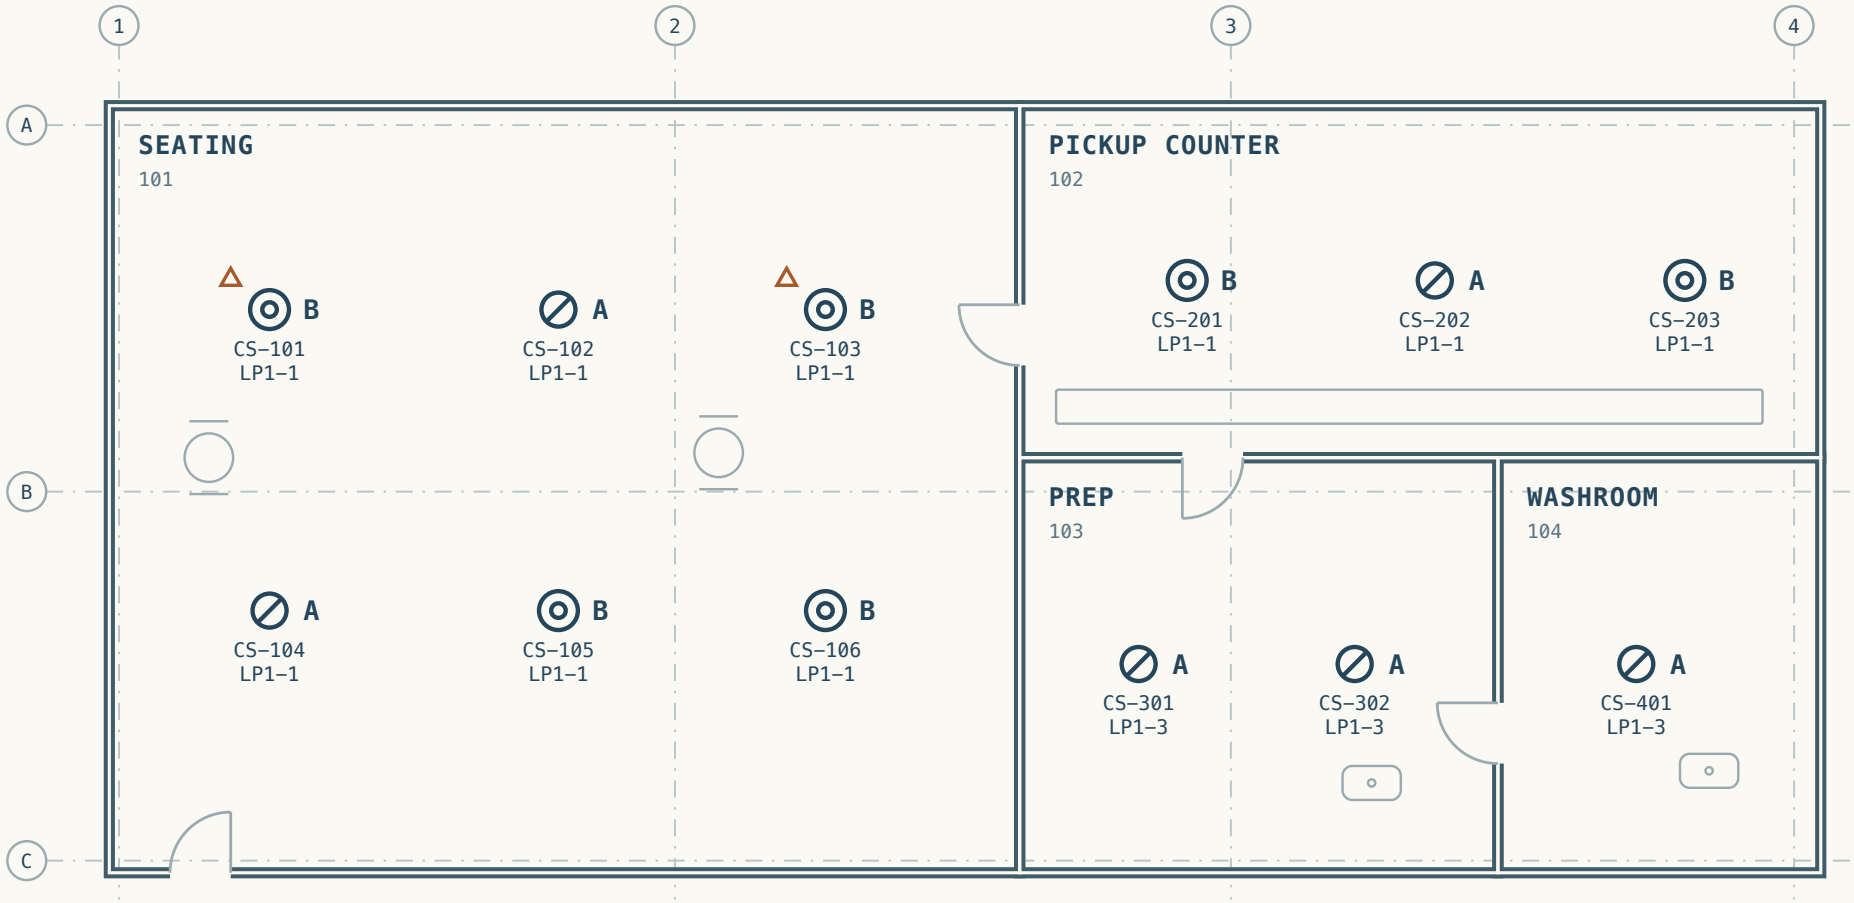

3. Trace the counter light

Find CS-202 in the pickup-counter area. Which panel schedule entry serves that fixture?

4. Update the order

Compare revisions A and B. On revision B, mark every current fixture and submit a revised order for the whole shop.
